### Progress Towards Meeting District Goals

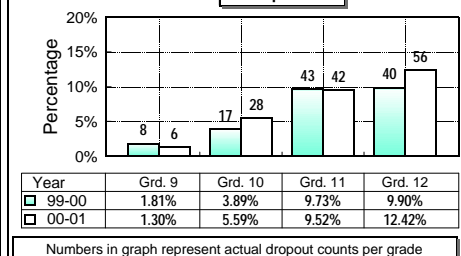

2000-01 Goals	Progress
Complete and adopt a long-range Facilities Plan for the school district.	Working with consultant Dave Teeter and a Facilities Advisory Committee composed of staff and citizens, the Facilities Plan was developed throughout the year and adopted by the School Board in May 2001.
Develop and adopt a new 5-Year Strategic Plan for the school district which incorporates the new state standards regimen.	Working with consultant Dr. Sally Anderson and a Strategic Plan Advisory Committee composed of staff and citizens, a new Strategic Plan has been developed and will be adopted by the School Board in the fall of 2001.
Work to have 90% of teachers in all schools earning Technology Certification.	Through extensive training, the district expects to have near or over 90% of all certificated staff certified in technology by fall 2001.
Implement new model of school calendar allowing for more parent-teacher conference time.	By trading 2 school improvement days, the new school calendar has 2 additional opportunities for parent conferencing which were widely used by parents this year. The new style calendar will be used again in 2001-02.
Create model for an Extended Kindergarten program and a Transitional 1st Grade to emphasize literacy skills.	A plan for both programs was created to start in fall 2001. Kindergarten students not ready for 1st Grade will be channeled into the Transitional 1st Grade class. New kindergarten students earning a "1" on the IRI will be invited to join an Extended Kindergarten full-day program.
